## Skills and Experience

Arduino  
Python  
Digital Electronics  
Analog Electronics

## Related Online Certification

6.002.1x: Circuits and  
Electronics 1: Basic Circuit  
Analysis  
MITx

---

I am a curious person who loves to try all kinds of technology that I find interesting, hardware or software

Currently I'm participating in the Swadeshi Microprocessor Challenge and I believe this internship opportunity will strengthen me in terms of knowledge and experience in digital blocks and SoCs.

I'm more interested in working in the Analog domain, although I am passionate about any topic that I can understand.
